HealthInfoNet

We particiapte in HealthInfoNet - Maine's statewide Health Information Exchange.

Have you checked it out?

The Health Information Exchange has patient information from more providers including:

- Encounter History
- Laboratory Results
- Radiology Reports
- Adverse Reactions/Allergies
- Immunizations
- Medication History
- Diagnosis/Conditions/ Problems
- Dictated/Transcribed Documents
- and more...

Using HealthInfoNet reduces paperwork and time spent on gathering patient records.

And it can reduce mistakes and improve patient safety.

Contact your Help Desk to set up your account.
