

Your Choices

You have several choices for sharing information in your HealthInfoNet Record

	Step 1: Your Choices	Step 2: Action you need to take	Impact on: General Medical information	Impact on: Mental health & HIV information
1	Share your medical information only	Do nothing	Available to all participating providers	Available only in medical emergencies
2	Share your mental health information, HIV information, or both	Fill out a consent form available from your participating provider or HealthInfoNet and consent to share mental health, HIV or both	Available to all participating providers	The type of information you choose will be available to all participating providers
3	Share your mental health information, HIV information, or both, with an individual provider	During your visit, tell your participating provider they have your consent to access your mental health, HIV/AIDS information or both	Available to all participating providers	Available to that individual provider during that visit. You will need to give permission next time you want them to have access
4	Remove all your medical information from HealthInfoNet	Fill out an opt-out form available from HealthInfoNet, your provider, or online at www.hinfonet.org/optout	All information is removed from the HIE and will not be available to your participating providers, even in an emergency	All information is removed from the HIE and will not be available to your participating providers, even in an emergency
